Young Auslan Chef's Favourite Recipes

Simple, easy to make, yummy recipes from deaf, hard of hearing and special-needs kids by author Anne Sheppard

This cookbook includes over 80-colour pages of simple recipes with clear, easy to follow instructions for cooking success.

For children who are deaf, hard of hearing or have other special needs—being able to create a recipe from scratch and share it with their family brings a great sense of accomplishment and satisfaction.

The children featured in this book are all Auslan students of Anne's. Not only do they share their favourite recipe but their story as well - fostering empathy and understanding.

By using easy, step-by-step visual instructions, this book encourages thinking, problem solving and creativity. Whilst the images have been used to visually represent every day cooking items, utensils and food items—integrating visual learning plays a key role in enhancing and effectively interpreting information for non-hearing or non-verbal children.

Please feel free to share this PDF with anyone you think may be interested in supporting this inspiring cookbook.
